Invitation

Dear Colleagues,

It gives us immense pleasure to welcome you to the **1st Conference of Nerve Muscle Society (NMSCON 2026)** scheduled from **20th - 21st November 2026** at **AIIMS, New Delhi**.

We're a community of clinicians, scientists, trainees, and advocates dedicated to advancing knowledge and care in neuromuscular health. Together, we foster collaboration, share cutting-edge research, and support education that translates from bench to bedside and beyond.

Whether you're here to learn, contribute, or connect, you'll find:

- Expert-led talks, workshops, and case discussions
- Opportunities for mentorship and collaboration
- Resources for clinical practice, research, and patient support
- A diverse network united by curiosity, rigor, and compassion

We warmly invite you to join us in New Delhi for two days of enriching academic exchange, meaningful discussions, and collective learning.

We look forward to welcoming you.

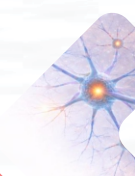

Warm regards,

Topics

- How do I diagnose and investigate IIM?
- How do I approach a patient with hereditary myopathy, chronic neuropathy, acute neuropathy?
- How do I treat a patient with
 - IIM
 - GBS
 - CIDP
 - Myasthenia Gravis
 - ALS
- How do I diagnose and treat metabolic myopathy?
- How to evaluate patients with suspected NMJn disorder?
- Approach to motor neuron disease (ALS and mimics)
- Clinical pearls in Myopathies, Neuropathies, Motor Neuron disorders
- Beyond muscle biopsy: How Next-Gen sequencing is rewriting myopathy diagnosis
- Rewriting the Genetic Code: The Dawn of Antisense Oligonucleotides in Neuromuscular Disease
- Muscles, Genes, and Hope: The Story of Duchenne Muscular Dystrophy
- Cardiac involvement in neuromuscular diseases
- Cognition in Neuromuscular disorders
- Lecture on USG in nerve disorders

Topics

Workshops:

1. Demonstration of USG in nerve disorders
2. Electrophysiology workshop (EMG)

- Nodes of Ranvier under attack: The growing spectrum of paranodopathies
- Autoimmune autonomic neuropathies
- Current concepts of CIDP management
- Current role of
 - Thymectomy in myasthenia gravis
 - Muscle biopsy in Myopathies
- Decoding Muscle Channelopathies: Harmonizing Genomic Architecture, Clinical Phenotypes, and Novel Treatments
- The Diabetic Nerve: Beyond Glucose Control to Neural Regeneration
- Repeat Expansion/Contraction disorders in NMDs
- The CMT Odyssey: Navigating from Phenotype to Genes to Targeted Treatment
- Mitochondrial disorders: Clinical overview and emerging therapeutic strategies
- What's New in
 - ALS
 - GBS/ CIDP
 - LGMD
 - Myotonic dystrophy
 - Myasthenia Gravis
- Myositis
- Sparing the Motor Neuron: Novel Neuroprotective Strategies in Spinal Muscular Atrophy
- CPC

Abstract Guidelines for E-Poster

The Nerve Muscle Society of India invites original submissions to consider for presentation as E poster for scientific presentations at its First Conference of the **Nerve Muscle Society (NMSCON)** which will be held at **JL Auditorium, AIIMS, New Delhi** on **20th and 21st November 2026**.

The presenting author should be registered for the **NMSCON 2026**.

If selected for the final evaluation, the author will have to present the E poster at the NMSCON 2026.

The paper will be evaluated by anonymous judges on the merit of the content, the presentation at the conference and the way the presenter responds to the queries from the audience.

The decision of the judges shall be final and binding and no further evaluation will be entertained.

ARTIFICIAL INTELLIGENCE (AI) RULES: Authorship is not allowed for the AI, since AI is not responsible for the submitted work and cannot declare the conflict of interest or copyright. The contributing authors are completely responsible for the submitted work in abstract. Authors must declare any use of generative AI

DISCLOSURE: Any financial or any other disclosure in relation to submitted abstract should be mentioned

PLAGIARISM: Abstract must be free from plagiarism

Poster Awards - The presenting author will have to opt for option if they wish their abstract to be considered for poster award.

TOPICS: We welcome abstracts on all aspects of neuroscience related to neuromuscular disorders including, but not limited to, nerve, muscle, neuromuscular junction and anterior horn cell disorders.

The abstract

Submission Guidelines

- Title should be <40 words
- Abstract body <250 words
- Structure:
 - Introduction
 - Aim
 - Methodology
 - Results
 - Conclusion

Last Date for submission is **30th Sept 2026**. The presenters would be informed about acceptance of their abstracts by **20th Oct 2026**.
